Beyond the Frame

CONTEMPORARY CUBAN ART

An exhibition in support of the Miami Five

Beyond the Frame is an exhibition of contemporary Cuban art taking place in London and Glasgow to raise support for the campaign for justice for the Miami Five - 5 Cubans unjustly imprisoned in the US for 13 years. Interested purchasers can contact the organisers of this Manchester meeting.

In Manchester on Friday May 4th, at the Anthony Burgess Centre, we have the opportunity to meet two exhibiting Cuban artists - Lesbia Vent DuMois and Gustavo Diaz Sosa - and to view a travelling exhibition of prints by two of the Miami Five, Antonio Guerrero and Gerardo Hernandez. On sale will be prints by artist Eduardo Roca Salazar (Choco) and photographer Nelson Ramirez de Arellano. All proceeds will go to the campaign for justice for the Miami Five

From 12.30 - 5.30pm the exhibition will be open to the public. Free entry.

At 6pm there will be a buffet reception. The evening event (7 - 10pm) will include talks by visiting Cuban artists Lesbia Vent DuMois, Gustavo Dias Soza and Geoff Bottoms talking on the Miami 5.

Tickets for the evening event are £5/3 conc.
